

Cross partner bidding

The section at the end of the weekly property lists shows homes for which all eligible scheme members can bid, regardless of which council you have a local connection with.

The five councils agreed to this so long as there was a fairly equal balance of people moving into and out of each district.

Over the last couple of years, the number of people moving across areas has become increasingly 'lopsided'. Significantly more people have moved from Hertsmere than those who have moved into that area.

Unfortunately, it has become necessary to **suspend cross-partner bids from Hertsmere applicants** until the balance of moves has been resolved. With effect from 9th December 2011, this includes Hertsmere homes which appear in the cross partner section.

This suspension will be lifted once the balance is achieved but this is likely to take several months.

Herts Choice Homes apologises for any inconvenience this may cause. If you are a Hertsmere applicant and wish to discuss this further please contact Hertsmere's Housing Options Team on 020 8207 7420.
